

Tlačítko Values ze sorting KL-Miner

The image shows a dialog box titled "Value from the contingency table" with a question mark icon and a close button (X) in the top right corner. The dialog is divided into two main sections: "Sort by" and "Order".

Sort by:

- Sort by the last quantifier used in task settings
- Sort by value of:
Kendall's TauB coefficient of ordinal correlation

Order:

- Ascending
- Descending

At the bottom of the dialog are two buttons: "OK" and "Cancel".
